QUILT PREPARATION CHECKLIST

- The quilt back (and batting if you are sending) is 4"–5" larger than the top on all four sides.
- The quilt back is square without uneven edges.
- Threads are clipped (important for dark threads that show behind light fabrics) and quilt is neatly ironed.
- If quilt is directional, you have pinned a note to the top of the quilt top and backing.
- The top, back and batting (if sending) are neatly folded separately.
- The quilt is wrapped in a plastic bag to protect it from the elements.
